

NATIONAL BOARD FOR HIGHER MATHEMATICS (NBHM)

proposes to sponsor delegates to
ICM 2018, Rio de Janeiro, Brazil

The **International Congress of Mathematicians, 2018** (ICM 2018), will be held in Rio de Janeiro, Brazil, during August 1-9, 2018.

The **National Board for Higher Mathematics** (NBHM), has the possibility of sponsoring a very limited number of Indian mathematicians to participate in ICM 2018. NBHM will sponsor a small delegation which will have a reasonable percentage of women mathematicians and will be a balanced mix of senior (age 40 and above), junior (age below 40) mathematicians who are regular members of a recognized research institution or university and a small number of post-doctoral fellows and PhD students who are at an advanced stage of their doctoral programme.

The NBHM support is expected to contribute towards expenses related to travel, accommodation and living expenses (at rates in line with the norms of the Government of India) and the (advance) registration fee. For Open Arms grantees who are also selected by NBHM, the support offered will be the difference between the total amount (as calculated above) and the amount granted by Open Arms.

The grant will only be given to those who agree to attend the **entire** conference.

Those interested in participating in ICM 2018 may apply online at: <http://msci.iisc.ac.in/icm2018>. Those who are unable to apply online may send the application (in the format given at the end of this circular) either by post or by email as an attachment in PDF format to
